Your school/chapter name

1. Do these pins (at their current size, design and style) have utility? For example, we think the men will like the new smaller pins as tie-pins.

2. Which pins would you like to receive as your primary pin, or should we provide new members with an assortment? (This can be done since the cost is modest.)

3. Rank the pins in order of preference from 1 to 7 (including the old style pin) with 1 being the top preference and 7 the least.

4. Would you like to suggest some modification to the design, style or size of any of the pins?

5. Are there other paraphernalia ideas you would like to suggest/request?
